

Week #10 (Full Order)

Remember, the hyperlinks in each email actually work within this pdf. Click each one to be taken to the affiliate page for the product being promoted.

There, you will grab your affiliate link (or request permission to promote).

Once you have your affiliate link, simply replace the links I've included in this pdf with your actual affiliate links. This is how you'll get paid!

Be sure to load these emails into your autoresponder service of choice.

You can set them to go out daily, every other day, or essentially however frequently you'd like.

If you'd prefer to send them out as newsletters (aka broadcasts), that's fine, too... though I really don't see much advantage to doing so. But I never claimed to see all things! ;)

In any case, thanks and enjoy.

I hope you LOVE this week's installment!

-Lee

P.S. Please contact me at lee@listbuildingwithlee.com if any of the products being promoted have been taken off the market. This happens from time to time, and there's really no way for me to monitor such things... so you can be my eyes and ears.

If a product has been taken off the market, I will find a replacement product for you to promote. Thanks.

*****IMPORTANT NOTE FROM LEE*****

Some of my students and customers have voiced concerns over not getting approved by product vendors to promote offers. Listen, it is up to you to make this happen! Do whatever it takes. PM or Email the sons of bitches... over and over again, if that's what it takes.

You are certainly welcome to drop my name. Let them know that you're a student of mine and that you're using my content to promote their stuff. But while that will certainly win you some points with many vendors, I don't have relationships with all product creators on Earth, contrary to what you may think!

As such, let them know that you're a real person. Don't be rigid in your approach. Be laid back, maybe a bit playful. Use words like "brother, my friend, amigo, etc." Don't suck up too much. Make them perceive you as valuable. If you beg them to let you promote, you're gonna look like a schmuck.

I've never used that word. Ever. That's how serious I am, apparently. ;)

If you have to contact a vendor more than once, do it. If you have to contact them more than twice, do it.

Also, remember that as you continue using these emails, building your list, and making sales...

You will start getting approved by more vendors more quickly.

C'mon, don't be helpless, okay? :D

You got this, baby!

Rock it out.

Thanks and enjoy,

Lee Murray

Now she's turned her sights to Pinterest and things are getting really exciting.

She's set up a program where you can walk right up to Pinterest, slap up affiliate links and get others to drive the traffic. Wouldn't believe it if I hadn't seen it!

We're talking full time dollars for playing with pictures here...

Promo #3 – “Breakthrough Membership Site System” by Bryan Harkins

Subject Line Options:

1. Dude I Wanna Join Your Club!
2. Is 'Passive Income' a Complete Myth?
3. Building a List? Cool, You're HALF Way There...
4. A List Plus 'This' = Hands Off Income!
5. Build It and They Will Come!

Body:

Everyone says the same thing ... build your list, that's what you need to do. I 'kind of' agree, but there's a way to make things much easier on yourself.

My man Bryan is no stranger to building lists. He's built solo ad lists and buyer's lists with which he regularly takes down leader boards. So when it comes to setting up lists, the boy knows of what he speaks...

But today he's speaking about something a bit out of the square box. Sure, he's sharing some ninja list building stuff, but the secret sauce here is something so few people are doing.

Namely, setting up a platform to develop the holiest of holies, an actual PASSIVE income that just keeps on growing month after month.

[You Owe It To Yourself to Check This Out!](#)

We're talking about membership sites. Sound scary? It should, because UNTIL RIGHT NOW setting one up was terrifying. But Bryan's unlocked the code.

In his signature step by step style he reveals a surprisingly easy way to set up a cash sucking membership site that puts REPEAT commissions in your pocket

each month.

With no software to buy. And a 'set it and forget it' approach, so you do it once, not every freaking month.

Heck the guy covers 2 types of sites, exactly how to set yours up, plus how to get and deliver content that'll keep your members paying month after month.

I REALLY dig the bit where he shows how to set up a sales and squeeze page that both feed new members into your site AND build up your list.

Box? What box? This guy's thinking is so far beyond that the sky is really the limit.

>> **[Grab Yours Here and Leave the Box Behind!](#)**

Passive income. That grows all by itself every single month. Now that's something to get excited about. Today, it's in your reach. Go get it!

If you're like 99% of the rest of list builders, you've been relying on squeeze pages for leads, right? Damn sucka that is so 'old school'!

Ya know Google looks down on them. You know your audience is getting sick to death of them. So how the heck are you supposed to get people to subscribe to your list?

By getting with the program. Namely, with a cutting edge web-based software that allows you to put sign up forms any place you darn well choose!

Want to get sign ups through your blog posts? No problem.
How about leads from articles you write? Child's play.

Got a funky website just kind of sitting there and not working for you? Turn it into a lead building dynamo!

>> [See How Easy it is Here!](#)

Brett has literally changed the list building game with Fancy Forms.

We're talking about 30 slick and shiny optin forms, fully customizable, that you can slap up on any article, blog post or website of yours.

And these are the sorts of pages the search engines love ... meaning not just free traffic, but now free leads being added to your list.

By combining his 'fancy forms' with the free traffic tips he shares with the product, Brett has added 487% more leads to his list WITH NO EXTRA WORK.

Crazy right? But you gotta check the demo video out on the sales page where he walks you right through how it happens.
