

Week #3 (Full Order)

Remember, the hyperlinks in each email actually work within this pdf. Click each one to be taken to the affiliate page for the product being promoted.

There, you will grab your affiliate link (or request permission to promote).

Once you have your affiliate link, simply replace the links I've included in this pdf with your actual affiliate links. This is how you'll get paid!

Be sure to load these emails into your autoresponder service of choice.

You can set them to go out daily, every other day, or essentially however frequently you'd like.

If you'd prefer to send them out as newsletters (aka broadcasts), that's fine, too... though I really don't see much advantage to doing so. But I never claimed to see all things! ;)

In any case, thanks and enjoy.

I hope you LOVE this week's installment!

-Lee

P.S. Please contact me at lee@listbuildingwithlee.com if any of the products being promoted have been taken off the market. This happens from time to time, and there's really no way for me to monitor such things... so you can be my eyes and ears.

If a product has been taken off the market, I will find a replacement product for you to promote. Thanks.

Promo #1 – “Azon Action Plan” by Chris Jones

Subject Line Options:

1. Gimmicks Are Dead... Open to See the Truth?
2. Screw Push Button Software...
3. Jumping From Product to Product With No Results?
4. Tired of the “Make Money Online” World?
5. So What About Amazon?

Body:

Affiliate marketing. It's been called the easiest, fastest, most hassle-free way to make good money on the Internet.

But is it true?

And if so, what's the best route to take? Should you build blogs, email lists, a social media presence... or should you buy your traffic and send it to a review site? So many options.

The truth is, you may want to see what Amazon super affiliate Chris Jones has to say on the subject...

>> [Click Here to See How Chris Does It!](#)

I'll give you a hint. He's not too big on automation, push-button “solutions,” or any other gimmicky bullcrap. He puts in some (gasp) effort... but it sure pays off!

I'd advise you to be willing to work, okay? Laziness is not your friend here. That said, you may just find Chris' approach to be FUN. And when you're having fun, you're naturally more motivated to remain consistent... which is where results are born!

Anyway, check it out and see what you think.

>> [Click Here to Do Just That!](#)

I personally think that when Chris says this is “the RIGHT way” to do affiliate marketing, he really means it.

Let me know if you agree. ;)

Promo #2 – “Easy Sketch Pro” by Paul Lynch

Subject Line Options:

1. Hundreds of Thousands From THIS Software?
2. So Fun, You'll Forget You're Working!
3. Sketch It... Cash It In... Cha-Ching!
4. 153% More Than “Normal” Videos?

Body:

Have you seen those cool sketch videos being used by all the top marketers? Of course you have!

They're all over the place, and for good reason. They convert incredibly well.

>> [Click Here to See One In Action!](#)

The only downside to most of them is how much you have to pay to either do them yourself... or hire others to do them for you.

Often times, these cool, high-converting sketch videos will cost you hundreds... each! So yes, I was a little taken aback when I heard how much Paul is charging for his cutting-edge sketch video creation software.

And not only is the price tiny, but it's just a one-off payment. I've seen similar softwares selling for nearly \$30 per month, month after month after month.

But Easy Sketch Pro will only cost you a small price now... and then you'll never have to pay again. And this is for lifetime access to the software!

You can make video after video after video, targeting every valuable keyword in your niche, ranking your videos all over YouTube and Google, and make an absolute fortune in the process...

And after this small, one-time investment, it will be FREE to do. You'll never have to pay to make another video ever again! Surely, you can see the power.

>> [Now Click Here to FEEL the Power!](#)

Clicking that link will take you to a really cool video presentation that literally shows you this great sketch video software in action.

Only a fool would ignore this. Please, don't be a fool. ;)

Lemme know whatcha think, okay?

Until next time,

Promo #5 – “The Goofball's Guide to Email Marketing” by Mark Tanden

Subject Line Options:

1. Are You a Freakin' Goofball... Or What?
2. Emails Not Getting Opened? (Then Open THIS One)...
3. Hit Them and They'll Hit You Back.
4. Can You Still Make Money With Email Marketing?
5. He Made Over 200 Bucks From a “Dead” List!

Body:

You can fire up your autoresponder, hit your list with every great offer under the sun, and form a hazardous addiction to clicking the “send” button...

But at the end of the day, people only buy from folks they know and trust.

If your list doesn't know, like, and trust you... it's going to be next to impossible to get any of them to pull out their credit cards and buy from you.

In fact, you'll likely just get people unsubscribing and possibly even hurting your reputation publicly. The bottom line is that you don't want to be “that guy.”

Today, I would like to point you in the direction of my buddy, Mark Tanden. Here is a humble, down to Earth, and totally humble marketer and teacher who leads by example. He really walks the walk.

I encourage you to take a look at his new offer, called [The GoofBall's Guide to Email Marketing](#). It's obviously a silly title, intended to attract more people to it. That's smart marketing, if you ask me.

Anyway, you don't have to buy his course at all, if you don't want to.

The thing I'm actually trying to draw your attention to is how humble, yet helpful the guy is. How genuine he is.

Then, take a look at the kinds of results he's getting. See where he ends up on some really competitive leaderboards.

He explains how he does it (and how you can too) right on the page.

Of course, if you'd like to make an investment in his top-notch training, you're certainly welcome to do that, as well.

But for now, just [click this link](#) and learn something new and exciting.

I know you're going to get a lot out of this.

As always, I'm wishing you and your family the very best.
