

Week #4 (Full Order)

Remember, the hyperlinks in each email actually work within this pdf. Click each one to be taken to the affiliate page for the product being promoted.

There, you will grab your affiliate link (or request permission to promote).

Once you have your affiliate link, simply replace the links I've included in this pdf with your actual affiliate links. This is how you'll get paid!

Be sure to load these emails into your autoresponder service of choice.

You can set them to go out daily, every other day, or essentially however frequently you'd like.

If you'd prefer to send them out as newsletters (aka broadcasts), that's fine, too... though I really don't see much advantage to doing so. But I never claimed to see all things! ;)

In any case, thanks and enjoy.

I hope you LOVE this week's installment!

-Lee

P.S. Please contact me at lee@listbuildingwithlee.com if any of the products being promoted have been taken off the market. This happens from time to time, and there's really no way for me to monitor such things... so you can be my eyes and ears.

If a product has been taken off the market, I will find a replacement product for you to promote. Thanks.

*****IMPORTANT NOTE FROM LEE*****

Some of my students and customers have voiced concerns over not getting approved by product vendors to promote offers. Listen, it is up to you to make this happen! Do whatever it takes. PM or Email the sons of bitches... over and over again, if that's what it takes.

You are certainly welcome to drop my name. Let them know that you're a student of mine and that you're using my content to promote their stuff. But while that will certainly win you some points with many vendors, I don't have relationships with all product creators on Earth, contrary to what you may think!

As such, let them know that you're a real person. Don't be rigid in your approach. Be laid back, maybe a bit playful. Use words like "brother, my friend, amigo, etc." Don't suck up too much. Make them perceive you as valuable. If you beg them to let you promote, you're gonna look like a schmuck.

I've never used that word. Ever. That's how serious I am, apparently. ;)

If you have to contact a vendor more than once, do it. If you have to contact them more than twice, do it.

Also, remember that as you continue using these emails, building your list, and making sales...

You will start getting approved by more vendors more quickly.

C'mon, don't be helpless, okay? :D

You got this, baby!

Rock it out.

Thanks and enjoy,

Lee Murray

Promo #1 – “Arbitrage Underground Reloaded” by Tom and Chad

Subject Line Options:

1. Is This Really the Best WSO of the Year?
2. I've Never Seen Such Glowing Reviews...
3. Why the Heck Is Mike Lantz So Crazy About This?
4. Can You Turn Five Bucks Into a Thousand?
5. Why Are People Saying This Is the Greatest Software Ever?

Body:

In all my time online, I've never seen such high praise for an IM product.

“Absolutely brilliant...” “Generated 73 New Clients.” “On My First Day, the Software Had Paid for Itself 2 Times Over.” “WSO of the Year 2013... and 2014?”

Mike Lantz from WarriorPlus is so impressed with it that he not only named it WSO of the Year in '13... but has also given it WSO of the Day honors in 2014, and I wouldn't be surprised if it doesn't repeat as WSOTY, as well. Why?

>> [Click Here to Find Out!](#)

If you don't know what arbitrage is, you really need to get to know it and make friends with it... now. To turn \$5 into hundreds, if not thousands... it really is possible.

And when you have a cutting-edge software like this helping you every step of the way... it's lights-out, baby! ;)

My advice is to not sit on this one.

Your competition is getting onboard. You need to be doing the same.

>> [Click Here to Avoid Regret!](#)

I really hope you become one of Tom and Chad's many emphatic success stories. Believe me, when you see how many good people's lives are being changed by this, you'll know you're in good company.

Get started now, okay? Don't wait.

Wishing you all the best,

Promo #2 – “Wordbotic” by Lina T

Subject Line Options:

1. Writing Is a Drag... Right?
2. [HEY] Fill In the B _____!
3. Wicked Smaht...
4. If This Tool Doesn't Help You, I'll ____ My _____!
5. [SUPER COOL] Watch This Video...

Body:

Content. Every online entrepreneur needs it to make his or her business thrive.

Whether you're an author, a blogger, an email marketer, a “bum marketer,” or a video marketer... content is the lifeblood of your business.

The problem is, not everyone has the time, talent, and/or desire to create their own compelling content. And certainly not everyone has deep pockets to outsource their content creation.

>> [Click Here to See the Alternative!](#)

Lina T. is fast becoming one of the foremost authorities on Kindle publishing, and she's been cranking out highly-revered software programs to make writing a Kindle book easy peasy.

But one of Lina's software releases in particular, Wordbotic, is a tool that virtually anyone who needs content can use to meet their needs... for dirt cheap.

I won't give everything it does away right here, because she's got a really cool video that will walk you through the entire program.

What I will say, however, is that this is truly a “fill-in-the-blanks” content creation wizard that can produce up to a 5000-word article that you can use to craft an e-book, create numerous videos or blog posts, and really whatever you need.

>> [Click Here to Watch Lina's Video Now!](#)

You'll clearly see that her focus is on Kindle books, but you and I both know that content is content. And this content passes Copyscape with flying colors, and allows you to tweak it to make it read exactly the way you want it to.

So anyway, watch the video and see if you think this hot-selling software is something that you can use to make your business run more efficiently.

Hey, we can all use a little help, right? ;)

Cool, so we'll talk again soon.

Until next time,

When it comes right down to it, building an email list is all about putting a quality offer in front of a quality subscriber and cashing in whenever you can.

In fact, according to email marketing great Lee Murray, you don't even have to pitch a single thing in your emails... ever! His revolutionary “Cab Grab Leverage System” will show you the way.

Promo #5 – “The Johnny System” by Sean Mize

Subject Line Options:

1. Wait, He's Giving You WHAT?
2. [OPEN] This Is Crazy as Hell...
3. As If the Meat Wasn't Tasty Enough...
4. Don't You Just LOVE a Show-Off?
5. Only a Jerk Would Ask For More...

Body:

That wacky son of a so-and-so.

How is it that this Sean Mize character can put together such massive, top-shelf offers... and charge so very little for them?

I must learn his ways. ;)

>> [Click Here to See What I Mean!](#)

An incredibly revealing course which, on its own, has the power to change lives (you'll soon understand)... and has sold for as much as 300 bucks...

PLUS private label rights to the whole thing so that you can begin profiting from the system right away. I mean right here, right now... today...

PLUS a complete sales page which turns your workload into almost nothing!

And more, but you can read all about that by [clicking this link](#) and checking out the offer itself.

The coolest thing to me about this offer is the course itself. It's a major paradigm shift from doing your own email marketing to creating an entire automated email marketing campaign designed to help your AFFILIATES sell YOUR stuff more effectively and efficiently.

This is really the most powerful way to bring in torrents of fast, effortless cash from all over the place. And with PLR rights and a sales page to this course itself, you've clearly already got a product that you can use this with!

Oh, and did I forget to mention that this entire package is temporarily available for around 10 bucks? Seriously, you need to [click this link](#) and take advantage before time runs out on ya! ;)

Go ahead and do that now. We'll talk more later.
