

Week #7 (Full Order)

Remember, the hyperlinks in each email actually work within this pdf. Click each one to be taken to the affiliate page for the product being promoted.

There, you will grab your affiliate link (or request permission to promote).

Once you have your affiliate link, simply replace the links I've included in this pdf with your actual affiliate links. This is how you'll get paid!

Be sure to load these emails into your autoresponder service of choice.

You can set them to go out daily, every other day, or essentially however frequently you'd like.

If you'd prefer to send them out as newsletters (aka broadcasts), that's fine, too... though I really don't see much advantage to doing so. But I never claimed to see all things! ;)

In any case, thanks and enjoy.

I hope you LOVE this week's installment!

-Lee

P.S. Please contact me at lee@listbuildingwithlee.com if any of the products being promoted have been taken off the market. This happens from time to time, and there's really no way for me to monitor such things... so you can be my eyes and ears.

If a product has been taken off the market, I will find a replacement product for you to promote. Thanks.

*****IMPORTANT NOTE FROM LEE*****

Some of my students and customers have voiced concerns over not getting approved by product vendors to promote offers. Listen, it is up to you to make this happen! Do whatever it takes. PM or Email the sons of bitches... over and over again, if that's what it takes.

You are certainly welcome to drop my name. Let them know that you're a student of mine and that you're using my content to promote their stuff. But while that will certainly win you some points with many vendors, I don't have relationships with all product creators on Earth, contrary to what you may think!

As such, let them know that you're a real person. Don't be rigid in your approach. Be laid back, maybe a bit playful. Use words like "brother, my friend, amigo, etc." Don't suck up too much. Make them perceive you as valuable. If you beg them to let you promote, you're gonna look like a schmuck.

I've never used that word. Ever. That's how serious I am, apparently. ;)

If you have to contact a vendor more than once, do it. If you have to contact them more than twice, do it.

Also, remember that as you continue using these emails, building your list, and making sales...

You will start getting approved by more vendors more quickly.

C'mon, don't be helpless, okay? :D

You got this, baby!

Rock it out.

Thanks and enjoy,

Lee Murray

3. Better Than Amazon?
4. Rank Your Affiliate Pages... Without Writing Articles?
5. Copy and Paste Your Way to a Passive Income...

Body:

Even those of us who happen to be a little on the “lazy” side should have no problem cashing in with this one.

Imagine selecting a few images, copying and pasting your affiliate link, and copying and pasting a code to some “secret” Web 2.0 sites...

And then getting paid over and over and over again. And the more you do this, the larger your ongoing payments become.

>> [Click Here to See How!](#)

This works for Amazon products, Zazzle products, or essentially anything else you'd like to be an affiliate for.

The best part is that it can be significantly automated. Like I said above, it's really just a matter of copying and pasting. You don't need to write loads of content. A few lines here and there will suffice.

Obviously, this is going to make some of us more time-pressed and effort-dreading marketers very, very happy!

And the best part of all is that it's so fast and easy, you can set up dozens... if not hundreds of these little campaigns, have web pages ranked all over the internet, and be bringing in thousands each month... even if you stop working! ;)

>> [Click Here – You Won't Believe This!](#)

Look, I understand that not everyone has what it takes (including the desire) to become a big name product creator, email marketing legend, or SEO master.

But ANYONE can copy and paste a few lines of text. I mean, this is sincerely just about as easy as it gets when it comes to internet marketing. No guesswork, article writing, risky paid traffic, crazy brainpower, or any of that crap...

Just copy, paste, profit.

Just the way you like it? Then click the link above and see what Donna has in store for you this fine day. I know you're gonna LOVE this one!

Here's a hard truth that most failing marketers completely ignore...

Traffic is not the end game in this business. Not even close. Shocker, I know... but it's completely true.

In fact, some savvy marketers are earning 6-figure incomes with email lists as tiny as just 2500-5000 people! Hard to believe, but again, 100% accurate.

>> [Click Here to Get the Full Story!](#)

Now, once you learn this key piece of wisdom that so many others have failed to share with you, you're gonna fall into one of two camps...

1. You're going to be angry at all those who have told you that you need massive amounts of traffic and ginormous email lists to make serious cash online.
2. You're gonna be thrilled & refreshed, armed with this new knowledge, and the battle-proven strategies you'll need to profit HUGE with tiny amounts of traffic.

Heck, perhaps you'll fall into both camps! ;)

The truth is, Bill Hugall has been earning a nice full-time living online. And he's been doing it in a way that doesn't require unrealistic traffic flow or an obnoxiously-sized email list.

He's just really good at getting people to give him money.

Wanna let him teach you precisely how to do the same thing? If so, then today is your lucky day. A tiny list and mere trickles of traffic can set you free...

>> **[Click Here to Experience This First-Hand!](#)**

How nice is it going to be to relax and stop trying so hard to generate ridiculous amounts of traffic and build your list into the hundreds of thousands?

This is easy, common-sense stuff you're about to discover, my friend.

I just hope you start taking action on it today!

We'll talk again soon,
